

Disable User Account Control (UAC) on Windows Vista

1. Click Start and then open Control Panel.
2. In the Control Panel, click User Accounts and Family Safety.
3. Click User Accounts.
4. Click Turn User Account Control on or off.

5. Clear the box beside the Use User Account Control (UAC) to help protect your computer option.
6. Click OK.
7. When prompted, restart the computer.
8. After your certificate is installed successfully you may return UAC to the original setting.
